ESD Inspection Gloves

Finger Tip Coated and Palm Coated Gloves

ESD Inspection Gloves are designed for use when handling items susceptible to ESD damage. They are made with a static dissipative nylon that reduces charge generation. Polyurethane coating allows for a high level of tactile sensitivity and increases breathability. A seamless fine gauge knit and a finished rolled cuff are designed for comfort.

• For use in accordance with ANSI/ESD S20.20-2014.

Quick Facts	
Dimension	Measurement
